

EXHIBIT D

PETITION FOR THE ESTABLISHMENT OF SPECIAL IMPROVEMENT DISTRICT NO. 5 OF THE RIO GRANDE WATER CONSERVATION DISTRICT

(Individual Petitions to Establish Subdistrict)

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500200

Petition No 448504100013

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land) (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500240

Petition No 448519100240

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
 2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
 3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.
-

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500770

Petition No 448527300001

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.

2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.

3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500310

Petition No 448707202002

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
 2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
 3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.
-

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
 2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
 3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.
-

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500680

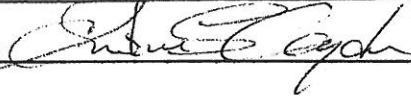

Petition No 448714100077

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
 2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
 3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.
-

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
 2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
 3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.
-

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner’s behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict’s Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500530

Petition No 448719200034

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
 2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
 3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.
-

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
 2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
 3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.
-

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500630

Petition No 448727100092

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500540

Petition No 459501400007

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500800

Petition No 459525100123

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

*The legally authorized representatives must execute petitions on behalf of Corporations, Limited Partnerships, LLC's, LLP's, etc. A person signing the petition on behalf of any such legal entity must present an affidavit attesting to the approval of the petition by the entity's Board of Directors, President, CEO, or other authorized officer(s).

** This petition must be executed by all record owners of the described property. Petitions will be compared against the records on file with Saguache County and will be deemed valid only if the signatories exactly match the owners of record, as reflected by county records, and if the signers of the petition agree to be responsible for the above represented percentage of costs, fees and post-plan depletions from the well(s) identified in this petition. Percent responsibility can be amended by owner after Subdistrict formation with Board of Managers approval. If less than all of the record owners sign this petition, or if someone other than the record owner signs this petition, except as set forth above, the petition will be deemed invalid.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
 2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
 3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.
-

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
 2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
 3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.
-

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500320

Petition No 459536400118

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500750

Petition No 459703100150

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

*The legally authorized representatives must execute petitions on behalf of Corporations, Limited Partnerships, LLC's, LLP's, etc. A person signing the petition on behalf of any such legal entity must present an affidavit attesting to the approval of the petition by the entity's Board of Directors, President, CEO, or other authorized officer(s).

** This petition must be executed by all record owners of the described property. Petitions will be compared against the records on file with Saguache County and will be deemed valid only if the signatories exactly match the owners of record, as reflected by county records, and if the signers of the petition agree to be responsible for the above represented percentage of costs, fees and post-plan depletions from the well(s) identified in this petition. Percent responsibility can be amended by owner after Subdistrict formation with Board of Managers approval. If less than all of the record owners sign this petition, or if someone other than the record owner signs this petition, except as set forth above, the petition will be deemed invalid.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulation: limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500780

Petition No 459708200159

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500800

Petition No 459715300154

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

As the circulator of this petition, I attest that each of the signatories hereon was provided with a copy of the conceptual Plan of Water Management and the Subdistrict Petition for Establishment describing in greater detail the background and basis for the formation of the Subdistrict and that the signatories on this petition were subscribed before me voluntarily and with knowledge of the purposes for the formation of the Subdistrict.

 Printed Name of Circulator Signature Date

*The legally authorized representatives must execute petitions on behalf of Corporations, Limited Partnerships, LLC's, LLP's, etc. A person signing the petition on behalf of any such legal entity must present an affidavit attesting to the approval of the petition by the entity's Board of Directors, President, CEO, or other authorized officer(s).

** This petition must be executed by all record owners of the described property. Petitions will be compared against the records on file with Saguache County and will be deemed valid only if the signatories exactly match the owners of record, as reflected by county records, and if the signers of the petition agree to be responsible for the above represented percentage of costs, fees and post-plan depletions from the well(s) identified in this petition. Percent responsibility can be amended by owner after Subdistrict formation with Board of Managers approval. If less than all of the record owners sign this petition, or if someone other than the record owner signs this petition, except as set forth above, the petition will be deemed invalid.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.

2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.

3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500150

Petition No 459901200106

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

Farm Plan # 500120

Petition No 459911100109

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.

2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.

3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500120

Petition No 45991100109

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500220

Petition No 474529100064

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

*The legally authorized representatives must execute petitions on behalf of Corporations, Limited Partnerships, LLC's, LLP's, etc. A person signing the petition on behalf of any such legal entity must present an affidavit attesting to the approval of the petition by the entity's Board of Directors, President, CEO, or other authorized officer(s).

** This petition must be executed by all record owners of the described property. Petitions will be compared against the records on file with Saguache County and will be deemed valid only if the signatories exactly match the owners of record, as reflected by county records, and if the signers of the petition agree to be responsible for the above represented percentage of costs, fees and post-plan depletions from the well(s) identified in this petition. Percent responsibility can be amended by owner after Subdistrict formation with Board of Managers approval. If less than all of the record owners sign this petition, or if someone other than the record owner signs this petition, except as set forth above, the petition will be deemed invalid.

**PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT**

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500300

Petition No 474717300023

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.

Farm Plan # 500760

Petition No 474727200045

By (our/my) signature hereon, (we/I) attest to (our/my) ownership of the wells and described land (or to our/my legal authority to represent an entity that has ownership of the described land), (I/we) indicate our understanding of the foregoing intentions and purposes of the Subdistrict, and request that the same be formed pursuant to applicable statutes by the District Court.

PETITION
TO FORM SPECIAL IMPROVEMENT DISTRICT NO. 5
OF THE RIO GRANDE WATER CONSERVATION DISTRICT

We the undersigned by our signatures affixed to this petition do hereby affirm and attest that:

1. (We/I) own an interest in real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System, or (we/I) represent owners of real property that includes a well(s) decreed or permitted in whole or in part for irrigation purposes within the Saguache Response Area of the Rio Grande Decision Support System and (we/I) have the proper legal authority to sign this Petition on the owner's behalf.
2. (We/I) support the formation of Special Improvement District No. 5 and request that the District Court form the Special Improvement District pursuant to the attached Petition and general description of the *conceptual* Plan of Water Management to govern the Special Improvement District.
3. By (my/our) signature hereon (we/I) request that the Rio Grande Water Conservation District petition the District Court to form Special Improvement District No. 5 and include this property within Special Improvement District No. 5.

Special Improvement District Purpose

The purpose of this Subdistrict is to provide a community-oriented water management alternative to individual augmentation plans or state-imposed regulations limiting the use of wells in Water Division No. 3. That is, to provide a mechanism through which a group of well users in the Saguache Response Area can work collaboratively to develop and implement a system of self-regulation using economic-based incentives and other management tools that promote responsible groundwater management and that remedies the injury to senior surface water rights that result from groundwater use from Subdistrict wells.

Participation in the Subdistrict is strictly voluntary. By voluntarily petitioning land into the Subdistrict, (we/I) explicitly authorize, and agree to abide by, any groundwater allocation or limits imposed by the Board of Managers, either by individual Subdistrict well or Farm Unit. (We/I) further understand that the Board of Managers may impose rules, economic disincentives or penalties, up to and including exclusion of wells from the Subdistrict's Annual Replacement Plan, deemed reasonably necessary to further the goals of the Plan or to comply with Colorado law. These covenants run with the land and bind both current and future owners of the property described below.

We/I understand that all Subdistrict members will be required to contribute financially to the Subdistrict in order generate sufficient revenue to meet the goals of the Subdistrict. It is anticipated that the Subdistrict will be financed primarily through service and user fees, but the Subdistrict may elect to utilize any combination of the financing methods set forth in C.R.S. § 37-48-123(2)(e) (2016). Subdistrict assessments will be submitted annually to the Rio Grande Water Conservation District Board of Directors for approval and then certified to the County where the taxable real property described below is situated for addition to the tax rolls. All methods of financing set forth in 37-48-123(2)(e) or in any subsequent amendments thereof are authorized by the signatures on this petition without further election, pending approval of the Subdistrict Board of Managers.

Once land is petitioned into the Subdistrict and the Subdistrict is duly formed by Court order, the land will remain in the Subdistrict for as long as the Subdistrict is in existence. The Subdistrict will exist in perpetuity unless dissolved by appropriate legal action.

The legal description of the property that is the subject of this petition is described below. Wells within the proposed Subdistrict that are located on or having legal authority to apply groundwater to this property are listed in Table A.
